NANDHAKUMAR M

Full Stack Developer

nandha762003@gmail.com | +91 8667873523 | linkedin.com/in/nandha54 | github.com/NandhaCode54 | portfolio

Summary

Full Stack Developer with hands-on experience building and shipping production SaaS applications using React, TypeScript, Node.js, Express, Prisma, and PostgreSQL. Skilled in designing REST APIs, JWT authentication, and role-based access control (RBAC), building responsive mobile-first interfaces, and optimizing database performance. Additional experience with Java and Spring Boot, and a strong foundation in Data Structures & Algorithms (300+ problems solved), OOP, and database design.

Technical Skills

- **Languages:** Java, JavaScript, TypeScript, SQL, Python, C++, PHP
- **Frameworks & Libraries:** Spring Boot, Spring Security, Spring Data JPA, Hibernate, Express.js, React.js, Prisma ORM, Tailwind CSS, Bootstrap
- **Databases:** PostgreSQL, MySQL, MongoDB
- **Backend Technologies:** Node.js, REST APIs, JWT Authentication, Flyway
- **Developer Tools:** Git, GitHub, Docker, Maven, Postman, Linux, VS Code, IntelliJ IDEA
- **Core Concepts:** Data Structures & Algorithms, Object-Oriented Programming (OOP), SDLC, RBAC, Agile Methodologies, API Development

Experience

Software Developer Intern May 2026 – Present
Cloudstier Solutions Pvt. Ltd. *Tirupattur, Tamil Nadu*

Shipped features across three production SaaS applications (field-service management, CRM, and business dashboards) using React, TypeScript, Node.js, Express, Prisma, and PostgreSQL.

- **TrackNew (Field Service SaaS):** Built a mobile-first Service Request module in React/TypeScript with technician assignment, status tracking, and configurable service categories; developed the backing REST APIs in Node.js, Express, and Prisma with role-based permissions and authentication.
- Integrated WhatsApp/OTP messaging and automated AMC payment and cash-settlement reporting.
- **TallyCRM (CRM):** Delivered a Service Request module with assigned-user support for quotations, sale orders, and invoices.
- **Deen Mobiles (Dashboard):** Built reporting dashboards and waiting-parts tracking; optimized Prisma queries and connection handling to resolve database and API performance bottlenecks.

Academic & Personal Projects

E-Commerce Website – *Java, Spring Boot, MySQL, React, JWT* [Code]

- Full-stack e-commerce app: Spring Boot REST APIs with JWT/Spring Security auth, MySQL via Spring Data JPA, and Flyway migrations, in a layered architecture covering product, cart, and order management.
- Built the React frontend (React Router, Tailwind CSS) and added email notifications.

Employee Management System – *Java, Spring Boot, Spring Data JPA, MySQL, React* [Code]

- Full-stack CRUD app for employee records (add/view/update/delete) using Spring Boot REST APIs and Spring Data JPA with MySQL, and a responsive React frontend (Bootstrap, Axios).

Education

B.Tech, Information Technology – Anna University, Trichy *2020 – 2024*
CGPA: 7.82

Certifications & Achievements

- Full Stack Development Certification (Java) – Besant Technologies
- Solved 300+ Data Structures & Algorithms problems on GeeksforGeeks (handle: nandha7kk6v)
